Dear Mr. Bassak:

This is to acknowledge receipt of your Department of the Army permit application. You requested information concerning the placement of dredged and fill material in waters of the United States associated with the construction of a transmission line. The proposed project is located in Benton, Carroll, Madison, and Washington Counties, Arkansas, and McDonald, Barry, and Stone counties, Missouri. You are hereby advised that no work should be initiated without prior Department of the Army permit authorization from this office.

Before we can evaluate a Department of the Army permit application for your project, we will need the following additional information:

- a. Detailed maps that displays the crossings of all water bodies and the locations of any access roads.
- b. Detailed drawings of any linear crossings (culverts, bridges) associated with access roads.

Your request has been assigned No. **2012-00433**. Please reference this number when you write or call us concerning the project. Should you have any questions, please contact me at (501) 324-5295.

Sincerely,

Christopher G. Davies  
Project Manager
